April, 2017

Papa Leon & Mama Tena,

Warmest greetings in Jesus' lovely Name !!!

Sorry for the delay in acknowledging that I received the support for the month of April that you sent through MoneyGram. I was quite busy and stressed at the time because of this battle

that we are in right now.

It has been two weeks tomorrow since Salome was admitted at the Modern Cancer Hospital in Guangzhou, China. The favor of the Lord is truly present and everything is according to God's timing. Salome was thoroughly tested and the result was that if she is not treated immediately she might have only one month to live. But the Lord is so gracious in leading us to this Hospital because their approach is very effective.

She will undergo 3 procedures and the 2nd one was just finished yesterday and hopefully next week the last one. The first procedure was Microwave Ablation (attached photo). The second is Seed Implantation where they will target the tumors and placing a bullet-like drug to stay there for 6 months that kills only cancer cells. Salome has about 40 small tumors throughout her body.

The last procedure is chemotherapy to see to it that all cancer cells are totally destroyed. The favor of the Lord was obvious because the Doctor that handled all her procedures is the chief of the hospital with 20 yrs of experience in oncology. He has treated more than 10,000 cases of cancer.

When they discovered that Salome was also a doctor, she was transferred to the VIP room that is three times the size of an ordinary room, however they did not increase the cost. This is truly a favor of the Lord. And they did not require us to put up a deposit before the procedures which is not a normal practice of the hospital.

Salome is now recovering very fast and the severe pain is almost gone. Her appetite is back and generally, she is on her way to total victory. This is all because of our great Jehovah-Rapha and all prayers of the saints who are backing us up during this most difficult trial. James 5:16 . In two weeks more she will be home.

Our 30th Annual Convention was very successful with a very strong moving of the Holy Ghost. Fresh anointing from the Lord manifested the last night. I estimated around 1,500 people attended. Almost everyone received a powerful touch, being slain on the floor as the wind of the Holy Ghost manifested.

I, now, fully understand that the greater anointing requires a higher price. God always asks, "Are you

willing to pay the price?" I said, "Yes Lord." Then I realized the trial that Salome and I have experienced as leaders of this ministry was the price we had to pay.

Again, thank you very much Beloved Papa Leon and Mama Tena for we know you are really praying for us. It is always an honor and encouragement on our part that we can be counted as one of your spiritual sons & daughters.

God bless you both always !!!!!!!

Love,
Ronnie & Salome
