Greetings Papa in the precious name of Our Lord Jesus Christ: We thank God for ushering us into another month. We have great expectations for the month of July.

In June we couldn't make the donation at the orphanage as planned, we want to gather

some more items before we do the presentation. We had three Pastors from Evangelical Presbyterian Church, Victory Calvary Worship Centre and Kingdom Outreach Chapel joining the fellowship. All these Churches are from a place called Fadama Konkomba Market. This is a slum and very deprived community that lacks the basic social amenities such as a place of convenience, good drinking water, good drainage system etc. The community is densely populated, about eighty percent of the population are Muslims, ten percent are traditionalists, and the other ten percent are Christians.

The above-named Churches are operating under a very challenging situation. They are really doing their best to reach out to souls in the community. They need support to work effectively. They have asked us to help them organize crusades in the community, so we have decided to have a film crusade either in August or September. We need to work on security etc, the area is a bit rough, because of the Muslims around. We have visited these Churches to have fellowship them, we really had a great time with the brethren. We presented them some tambourines as well as cordless microphones, some visual aids and Sunday school materials.

We want to establish a business to raise more funds to take care of FGF activities and needs over here. We want to establish a bakery then later add a restaurant; these businesses will bring in constant funds and it will enable us carry out our projects effectively. We have to reach more of communities before the end of this year. Most of the member Churches in the fellowship are doing very well with the community projects we are embarking upon.

## Report from Ghana, Africa (August 2017)

Greetings from Ghana:

We thank God for yet another month. It's been very busy of late with a lot of activities. Sometimes one is over stretched to the maximum. In all these things the Lord has been our strength. Several doors of evangelism and missions have opened for us to explore, but due to lack of enough resources we have to prioritize so we could pro-

portionately commit some resources to all these new projects.

In July we had a film outreach showing the Jesus film at Sukura at the request of FGF members to help in their evangelism drive. It was very successful so much that other FGF members are requesting that the film outreach should be extended to their communities to help in their outreach and evangelism drive. This is very encouraging, but there is a need to commit more resources to this project. One day film outreach in Accra and other suburbs within the region will cost GHC1,100.00 respectively.

### BREAKDOWN OF BUDGET

Renting of projector - GH¢ 250.00  
Lighting System - GH¢ 250.00  
Power Generator with fuel - GH¢ 300.00  
Transportation (T&T) - GH¢ 300.00  
TOTAL = GH¢ 1,100.00

This is just for one day, and if you keep the equipment more than a day it will increase more charges.

Souls must be saved so we are doing our very best to do more with the little resources at our disposal. It is our prayer that the Lord will bless us with more resources to enable us carry out all our projects. Attached is a picture of the film crusade.

Have a blessed and fruitful day.
